Work Experience

Studio Chintala — Bangalore
Visual Designer — 01.2023 – 06.2025
- Environmental graphics for buildings and campuses across the world
- Graphic design for NGOs and corporate marketing, coordinating clients, developers, and vendors
- Led the website design for a new in-house product range, with packaging design and art direction for marketing and documentation
- Product design, environmental graphics, branding, and identity projects

Project Architect — 08.2021 – 12.2022
- Took 10+ projects from concept to site, including interiors and landscape for an office building, a low-cost housing hostel, and a weavers' centre
- Coordinated clients, IAS officers, engineers, consultants, contractors, and artisans on government projects
- Redesigned and launched the studio website with developers, and managed its updates and content

Architectural Intern — 07.2020 – 07.2021
- Led independent projects such as the Narayanpet streetscape, from concept to site
- 3D modeling, rendering, and post-production; illustrations, diagrams, and environmental graphics

alphastudio — Bangalore
Freelance Designer — 12.2022 – 06.2025
- Designed a mid-rise residential building, and created branding and identity for a surface protection company
- Independently ran entrepreneurial projects, including a kindergarten designed with children and parents as collaborators in the process

Nelson Worldwide — Remote (USA)
Marketing Associate, Graphic Designer — 06.2023 – 06.2025
- Marketing initiatives and environmental graphics projects with the US-based graphics team
